Il razionalismo riletto

approda ad una armonia stilistica fatta di segni e tracciati. La gamba chiusa, gli spessori minimi, determinano l'autorevolezza della scrivania.

Our concept of rationalism brings you to a stylistic harmony made of signs and tracings. The close leg, the minimal thicknesses give you an authoritative desk.

Le rationalisme rejoint une harmonie de style avec lignes et tracés. Le pied fermé et l'épaisseur minimum du plateau donne autorité au bureau.

Ein neu interpretierter Rationalismus führt zu einer stilistischen Harmonie aus Zeichen und Linien. Das geschlossene Gestell, die minimalen Materialstärken stehen für die Eigenständigkeit des Schreibtisches.

Dos maneras de interpretar espacio y encuentros. Reuniones alrededor de las mesas grandes modulares que se convierte en puesto de trabajo.

Enjoy the power and beauty of your youth. Oh, never mind. You will not understand the power and beauty of your youth until they've faded. But trust me, in 20 years, you'll look back at photos of yourself and recall in a way you can't grasp now how much possibility lay before you and how fabulous you really looked. You are not as fat as you imagine. Don't worry about the future. Or worry. But know that worrying is as effective as trying to solve an algebra equation by chewing bubble gum. The real troubles in your life are apt to be things that never crossed your worried mind, the kind that blindside you at 4 p.m. on some idle Tuesday. Do one thing every day that scares you. Sleep. Don't be reckless with other people's hearts. Don't put up with people who are reckless with yours. Flirt. Don't waste your time on jealousy. Sometimes you're ahead, sometimes you're behind. The race is long and, in the end, it's only with yourself. Remember compliments you receive. Forget the insults. If you succeed in doing this, tell me how. Keep your old love letters. Throw away your old bank statements. Stretch. Don't feel guilty. Don't ask for help. You want to do with _____ interesting people. _____ didn't know at 22 what they wanted to do with their lives. In fact, of the most interesting 40 you _____ will don't. Get plenty of calcium. Be kind to your liver. _____ will miss them when they're gone. Maybe you'll marry, maybe you won't. Maybe you'll have (1) children, maybe you won't. Ma, be you'll divorce at 40, maybe you'll divorce the family chicken as you _____ 75th wedding anniversary. Whatever you do, don't congratulate yourself too much, or berate yourself either. Your choices are half chance. So are everybody else's.
