BADMINTON IS NOT A
PRODUCT, IS A LIFESTYLE

Thanks to its dynamic and open conception, it enables conversation, reading and the use of electronic devices without falling into a relaxed state which impedes your concentration. To maintain the active attitude, we have removed its arms and set at 180 degrees which favours privacy for the user due to its high degree of sound proofing.

Gracias a su concepción dinámica y abierta, permite la conversación, la lectura o el uso de dispositivos electrónicos sin caer en una relajación que impida tu concentración. Para mantener esa actitud activa, se han eliminado los brazos y establecido una apertura de 180 grados que favorece la conectividad privatizando a su vez al usuario gracias a su alto grado de fonoabsorbencia.

Grâce à sa conception dynamique et ouverte, elle permet un coin de lecture, de conversation avec la possibilité d'une connexion aux dispositifs électroniques sans entraver la concentration. Pour maintenir cette attitude active, nous avons éliminé les accoudoirs et créons une ouverture de 180 degrés pour favoriser toute connexion en maintenant l'intimité grâce au haut degré d'insonorisation.

Dank seiner dynamischen und offenen Konzeption lädt er zum Gespräch, zur Lektüre oder zum Gebrauch elektronischer Geräte ein, und er verhindert gezielt ein Übermaß an Entspannung, um die Konzentration aufrechtzuerhalten. Um diese aktive Haltung zu erhalten, wurde auf Armlehnen verzichtet. Der Öffnungswinkel von 180 Grad ermöglicht die Kommunikation, zugleich aber schafft er auch dank des hohen Schalldämmeffekts eine grosse Privatsphäre.

BADMINTON IS THE NEW ACTIVE, DYNAMIC AND DARING ARMCHAIR FROM ACTIU

One of the differences with the classical models which inspired it, is the exterior housing which has a different material to the rest and is offered in gloss or satin finishes. This enables a multitude of combinations and including the adaptation to brand images of each company or project for which it is intended.

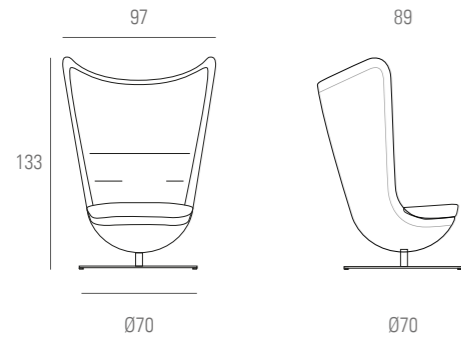

Una de las diferencias con los clásicos modelos en los que se inspira, es que su carcasa exterior tiene un material diferente al resto, y se puede ofrecer en un acabado brillo o satinado. Eso permite realizar multitud de combinaciones e incluso adaptarlas a la imagen de marca de cada empresa o al proyecto para el que se destine.

À la différence des précédents modèles, sa carcasse extérieure a un matériel différent au reste. Il dispose de finition de couleur brillante ou satiné. Ce qui vous permet de réaliser une multitude de combinaisons et de l'adapter à l'image de marque de votre société ou à votre projet.

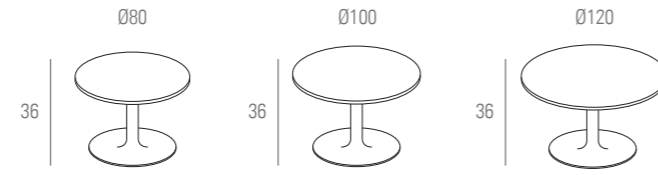

Ein unterscheidendes Merkmal im Hinblick auf klassische Modelle ist gerade die Tatsache, dass die äußere Schale aus einem anderen Material besteht. Zur Auswahl stehen die Oberflächen glänzend oder satiniert. Das ermöglicht vielfältige Kombinationen und sogar eine Anpassung an das Markenimage eines jeden Unternehmens oder Projekts, für das der Sessel bestimmt ist.
